

**COLLEGE VISITATIONS**

It is important to take advantage of speaking with the college representatives from over 40 colleges that come to visit us. They are not here to interview you, but rather to share information about their college. You can establish a relationship with the representative that will probably be reading your college applications. Below is the initial list of college representatives visiting Rocky Hill High, but please check the website and listen to announcements for up-to-date changes.

Date	Time	College
